

Semantic web server

To view CEH's taxonomies/ontologies, visit <http://vocabs.ceh.ac.uk>

Choose "Taxonomies" or "Ontologies" from the menu on the left.

A list of available projects will be displayed, simply click on the name of the one you wish to view.

The screenshot shows the Semantic web server interface. The top header includes the CEH logo, the text "Semantic web", and a menu icon followed by "Taxonomies". A left sidebar contains navigation links: Home, Taxonomies (selected), Ontologies, Help, and Server administration. The main content area is titled "Taxonomies" with a tree icon. Below the title is a "Show 25 entries" dropdown menu. A list of taxonomies is displayed, each with a plus sign and the name: CAST (CEH Analytical Services Thesaurus), CEH metadata vocabulary, ENCORE, Environmental Monitoring Facilities (EF), EnvThes, Integrated Modelling Platform, Internet of Things, and Natural capital terms.
