

# Ask a question

These pages allow you to ask questions about, or make a comment on, radiological protection of the environment. See received question and answers on the [Questions & Answers](#) page.

We will try to answer your questions (or send them to somebody who can).

However, we maintain the right to remove any inappropriate posting to these pages.

We will post the question and answer on the [Questions & Answers](#) page.

Please state how you want to be identified on the page (e.g. name and affiliation).
