Wiki upgrade - 15th December 2010

⚠️ **A scheduled upgrade has been planned for 15th December 2010. CEH's wiki will <u>NOT</u> be available between 0830-1230. Apologies for any inconvenience this may cause you.**

This note is to let you know that we are planning to upgrade CEH's Wiki to the latest version (3.4.3) on **Wednesday, 15th December 2010** between **0830-1230**. This update has to be done to keep our installation current, allowing us to continue to receive vendor support and ensure all necessary security patches are applied.

Although this isn't a major upgrade, it will include some feature improvements. The overall layout and operation of the wiki will remain to function in the same way.

Some of the new features included are:

- New Keyboard Shortcuts/Dialog
- User Macros in the Macro Browser
- Autocomplete for macros
- Property panels for images and links
- and much more.

The new version will include features and fixes offered between our installed vesion **3.2.1 and 3.4.3**. Listed below are links to the release notes of all these versions detailing features and bug fixes.

Confluence v3.3 Release Notes
Confluence v3.4 Release Notes
Confluence v3.4.1 Release Notes
Confluence v3.4.2 Release Notes
Confluence v3.4.3 Release Notes

Below are videos outlining some of the features available in the new versions.
